LIPPITT'S SPECIFIC. For the Cure of Dysentery. Diarrhaa, and Summer Com-

In presenting this justly celebrated Medicine to the puhic, we make no rash assertions of its efficacy, nor is any hope held out to the afflicted which facts do not warrant. This remedy having been, for years, used in this place, for the cure of the above diseases and those appertaining to the saure class, the Proprietor has been induced to offer it on a more extensive scale, with a view to lessen the amount of human suffering. I have never known it to fail when the directions have been strictly adhered to. Many uscless nostrums have been palmed upon the public,

and I hesitated for some time, until thoroughy convinced of CERTIFICATES. Extract of a lettter received from S. J. Carroll. BALTIMORE, January 10th, 1851. WM. H. Lippitt, Esq ,-Dear Sir:-I have no hesitation in saying that your Specific is one of the best Medicines ex-tant for Dysentery, Diarrhaa, &c. You possibly may re-collect my case; if it has escaped your memory I will give you briefly the facts. I had tried every thing that I had seen used, but with little success. And after using enough to start twenty-five Homeopathic M. D's., I began to despair, when you kindly offered me your invaluable Medicine, which

cured me effectually. Yours truly, WILMINGTON, N. C., August 14th, 1851. WM. H. LIPPITT, Esq.,-Dear Sir :- I have used your Specific in two cases in my family for Dysentery. In one 4 papspoonfuls effected a complete cure—in the other, three had the like effect. Respectfully, &c., THOS. LORING, Ed. Commercial.

HARRELL'S STORE, New Hanover County, N. C , Oct. 10, 1851 -WM. H. Lippitt, Esq., - Dear Sir:-It is with pleasure I state that I have used your Specific for the cure of Dysentery, Diarrhea, &c , and have found it to produce the desired effect in every case I used it after the usual remedies have failed. I recommend it with confidence to the public. Respectfully, &c., J. B. SEAVEY, M. D. SAVANNAH, Ga, December 26th, 1851.—Mr. WM. H. Lip-PITT, Dear Sir: -It is with pleasure I acknowledge the wonderful effects of your Medicine for curing Diarrhoza or Bowel complaint, as I am satisfied it was the means, under God, of saving the life, first of my Child and then of my Brother. As my Brother was given up by two of the most eminent Physicians in this place, Drs. Richardson and Wregg, and when I consulted the latter as to the propriety of trying it on him so low, he said I might to satisfy myself that I had left nothing untried, but he did not think that Medicine would be of any use to him. But thank God he was mistaken, as we saw the salutary effects in 24 hours, and in ten days he was able to be out of bed. I remain yours, very truly and gratefully, WM. BAILEY.

From the Cotton Plant. The Coast Marine Policy of the United States-Cuba and Gibraltar.

The recent outrages upon American interests in the fishery question, the Cuban question and the insults by England in the Gulf of Mexico, forces us to broach the enquiry, "What is the true American doctrine in relation to coasting trade, and the lives and property hourly exposed upon our extensive and extending coast ?"

The true policy of the United States is, to possess those islands or groups of islands situated so near our coast as to be made capable of being Marine fortifications dangerous to our coasting trade or to the safety of American life or property, journeying or being transported from one American port to another. The idea of England and Spain and France

possessing Marine fortifications all along our Pacific Gulf and Atlantic coast, is objectionable. We do not mean to be understood as advocating the policy institution in the State. Pupils may here pursue all branch- of forcible and unlawful seizure. Far from it. We mean to say that in time of peace our diplomatic efforts should aim at establishing us in possesssion of all the strongholds necessary to the safety of our trade and commerce.

In case of war we would of course seize upon them. In our next number we will give an interesting sketch

The side towards the Mediterranean is equally impregnable. From "Europa Point," the channel is guarded by heavy batteries, stationed on gradually ascending steps. On the top is a station house or look-out. From this look-out the gunners below is signalized, for purposes of defence or insult to the flags of other nations, as we will allude to hereafter. No vessel can enter without being sunk. Five or six thousand men can hold the fortress against the world. This important fortress England took without right, and holds without title. It is the use she makes of this stronghold of which we are

The very mention of it must nerve the integrity of thousands. What worth is

there in such examples! I am greatly indebted to you. sir. for giving me an opportunity to join you in this tribute of respect to Mr. Baring, who is on every ground entitled to the favorable opinion and friendly regards of this 61 and 7 octave Pianos, in Rosewood Cases, and with the la- company. This is a topic on which delicacy forbids me to say on the present oceasion, all that might with truth be said at another time and place; besides that our respected guest has made it almost impossible for me to give utterance to my feelings without seeming to engage with him in an exchange of compliments. a handsome man in the family, just take a clothes pounder, while he is yet in the bud, and batter his head to pumice. From some cause or other handsome men are invariably asses; they cultivate their hair and complexion so much that they have no time to think of their brains. By the time they reach thirty their heads and hands are equally soit. A cain we say, you wish to find an intelligent man,
